

RETRACTABLE AWNING WITH TRANSITION PLATE
FOR A GOLF CAR

Abstract of the Disclosure

A protective cover for a golf car is provided for enclosing at least a portion of the passenger compartment of the golf car that is covered by a canopy. The protective covering has left and right side curtains that are adapted to hang from the canopy to enclose a portion of the passenger compartment. The protective covering may include a rear bag cover that is adapted to extend over the rear golf bag storage area from the canopy. The rear bag cover is a retractable awning. The protective covering also includes a rear curtain that is adapted to be positionable between the passenger compartment and the rear golf bag storage compartment.
